KENNY NAMANGO

Software | IT | Cybersecurity: Python, Java, Linux

Marietta, GA | (678) 693-0299 | kenny.namango@gmail.com | linkedin.com/in/kenny-namango-8b924033a | kennynamango.com

PROFESSIONAL SUMMARY

Cybersecurity student with working knowledge of Python, Java, Linux, data structures, algorithms, and computer networking. Currently an IT intern with Navy Athletics, building a dashboard that consolidates athlete performance data for staff, following a Johns Hopkins University Applied Physics Laboratory internship analyzing network data and writing technical reports in a cleared environment. Customer-facing retail and restaurant experience, plus leadership and administrative roles at the U.S. Naval Academy, add strong communication and teamwork to a technical foundation.

TECHNICAL SKILLS

Languages	Python, Java
Tools & Systems	Linux, Wireshark, TCP/IP, POS Systems
Core Concepts	Data Structures & Algorithms, Computer Networking, Network Analysis, Network Security, Packet Analysis, Computer Architecture, Data Analysis, Technical Reporting

PROFESSIONAL EXPERIENCE

IT Intern **Oct 2026 - Present**
Naval Academy Athletic Association (Navy Athletics) | *Annapolis, MD*

- Building a project to bring athlete biometric and performance data into one easy-to-view dashboard for staff

Cybersecurity Intern **Summer 2026**
JHU Applied Physics Laboratory | *Laurel, MD*

- Conducted network analysis and cyber assessments in a cleared environment alongside experienced cyber professionals
- Performed data science analysis and wrote technical reports documenting findings

Admin Sergeant **Fall 2026**
U.S. Naval Academy | *Annapolis, MD*

- Selected to manage company records, coordination, and operational readiness, keeping information accurate and organized

Peer Advisor **Spring 2025 - Fall 2026**
U.S. Naval Academy | *Annapolis, MD*

- Selected through a competitive application process to mentor fellow midshipmen, providing academic and personal guidance and building trust-based relationships

Division I Soccer Athlete and Team Manager **2024 - Present**
U.S. Naval Academy | *Annapolis, MD*

- Competed at the Division I level while managing a full academic and military schedule
- Now support coaching staff and players with day-to-day team operations

Cashier **Mar 2022 - Jan 2024**
Wing City | *Marietta, GA*

- Processed orders on POS systems, handled cash, and opened and closed shifts; trained new employees over nearly two years

Food Server **Jan 2024 - Jun 2024**
Olive Garden | *Smyrna, GA*

- Delivered full-service dining and upsold menu items while supporting the team during high-volume shifts

EDUCATION

University of Maryland Global Campus | Cybersecurity **Fall 2026 - Present**
Online | *NSA/DHS-designated National Center of Academic Excellence in Cyber Defense*

- Coursework: CompTIA Network+, Security+, and Cloud+ certification preparation classes

U.S. Naval Academy | Coursework toward B.S. in Cyber Operations **2024 - 2026**
Annapolis, MD | *NSA Center of Academic Excellence in Cyber Operations*

- Coursework: computer architecture, cryptography, network security, and data structures

Kennesaw State University | Computer Science **2023 - 2024**
Kennesaw, GA | *ABET-accredited program*

CERTIFICATIONS & CLEARANCE

Secret Security Clearance (obtained at the U.S. Naval Academy)
In progress: CompTIA Security+, CompTIA Network+, CompTIA Cloud+, AWS Certified Cloud Practitioner
